

**Gut microbiome
recovery for your
patients.**

**Higher value
visits for your
practice.**

**Gut distress is a
huge problem and
hard to pinpoint.**

**The result is repeat
visits for diarrhea and
GI distress that are
frustrating for pet
owners and costly for
your practice.**

diarrhea visits / year

of all visits annually

Expand diarrhea treatment options at your practice.

Easily turn poop into oral FMT capsules, **right in your office** with the Amend Pet CAP Device.

1. Insert donor stool
2. Turn device top
3. Remove capsules
